⇒ *Hi Everyone, we are having issues with scammers emailing pretending to be our president, where they write that you need to contact them urgently or similar, which once you reply they ask you to purchase things on behalf.. This is no way is our president and if he needs to contact you, he will ring.*

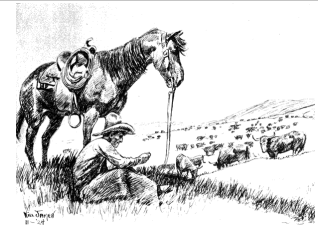

Tips: if you hover over the name at the top of the email, it will bring up the email address. (most of the time it will look strange - best to highlight and send to junk mail)

⇒ *2019/2020 Membership renewal forms have been sent out if you have missed this you can also find the form at the back of this Chatter or contact Christine Cowdrey.*

A message from the President:

Well, with Winter and the off season here there isn't much to report on. Janine has taken steps to organise a training clinic with Richard Webb from Australia. Richard takes an excellent clinic and it is well worth attending. It is early days yet, but it is envisaged that we will hold weekend schools in both the North and South Islands late January/early February. Of course, it will rely on numbers for it to happen so please contact Janine or Melissa if you are interested.

There has been a request for copies of the Australian Rule Book. Christine contacted the office in Australia, and it appears that they will not be printing an updated hard copy in the meantime as a sub-committee is currently re-writing/formatting the book to make it more website user friendly and interactive. The current 2019 NCHA Rule Book can however be downloaded from their website. As there are so many changes happening all the time to the rules, they feel the books are out of date before they are printed and are moving toward members using the online version. Helen has gone through the rules that have been changed or amended for our situation here in New Zealand and it is hoped that they will be available to you soon.

We are only required to hold a Judges Clinic every two years but if anyone is interested in obtaining their Judges ticket meantime please contact me and we will see what we can organise. With Spring approaching we are also always looking for people to join our Cattle Scheme in one way or another. If you feel you can help contribute, please don't hesitate to contact me. This Scheme is vital for the Association and has been well supported by just a few dedicated people for a long time. A big thank you to those who participate, it is greatly appreciated. Stay safe & warm and keep away from any flu viruses.

Regards

Craig

5 Minutes with **Richard Webb of FORT WEBB**

How did you become involved in the sport of cutting?

I witnessed the sport of cutting in America while I was in the states as a young fellow competing in the rodeo circuit and I loved what I saw. Realizing that my shelf life in rodeo was going to be short I travelled back to Australia to pursue cutting.

What do you enjoy most about Cutting?

To ride a well-trained cutting horse is something only a few people will ever experience. The thrill is such a special feeling more so when you are in total control.

Where do you base yourself from and how many people in your team?

Our training facility is located at Illabo, southern NSW in Australia. I think there may be only one person in NZ that would know where that is! I run the business with my partner Gillian and we usually have one girl helping on a full-time basis however often we have a few other girls that come from time to time each year in holidays from university or from livestock colleges and help out too.

Who has been the most influential person in your style of training?

I honestly don't think I could say that there is only one person but over the years I have studied many trainers and trialed many techniques to come up with a style I am comfortable with.....but I am always still learning.

What is the most important quality you want to have in a horse and why?

I want a horse that is very confident with and around me first and foremost. The breeding will look after the cow, trainability, balance and the rest of the requirements.

How many horses do you have in work on average?

Normally around 15-20 which includes 2 year old's, aged event and show horses.

What do you love most about being a horse trainer?

EVERYTHING!! I feel very humbled to show great horses, travel this great country. . (and yours .. thank you for the invitation) and to meet so many wonderful people.

What do you dislike most about being a horse trainer?

Trying to get into my bed, late at night after drinks in NZ, only to find that your bed has been short sheeted!!! Or when you get home and realise your socks have been sown up and your shirt sleeves sown together!! J I don't dislike anything.

5 minutes with **Richard Webb**

Who is your biggest motivator/support and why?

I have wonderful support from my partner, Gillian, (who is typing this for me so I have to say that) and all the staff that have worked for me over the years. When it comes to showing my horses I am very self-motivated.

What other profession would you like to try and why?

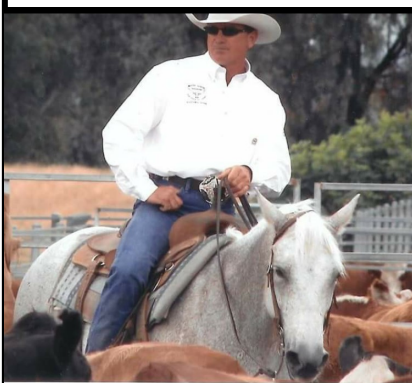

I have tried many over the years only to realise that training horses and teaching people is my vocation.

What is the best horse you have ever trained?

A mare called Senna's Double Fortyniner that I finished in the NCHA open futurity and won many open cuttings on and also her first foal Senna's One Spin who I am currently still showing.

Who is your favourite stallion? And why does this stallion stand out for you the most?

Seligman Spin: I was privileged to ride Seligman to many great wins but none better than to run off and win against the great mare, One Hellofa Spin in the open cutting at the Victorian futurity and also winning the classic challenge at the same show.

For Non-Pro riders training their own horses what is one vital piece of advice you can offer?

I suggest find a trainer that you like the way that their horses work and try to associate yourself somehow with that trainer to work out a programme that you can put yourself on and stick to it. Once you grasp the concept of training a horse to a certain level then you can look outside the circle to broaden your knowledge. Too many Non-Pros try to take on too much and too many varied opinions early in their cutting career causing way too much confusion and frustration.

Judging Rule 4

Credit will be given for setting up a cow and holding it in a working position as near the centre of the arena as possible.

From a Judges perspective:

-credit will be given for a cow that travels but is still controlled in the centre third of the arena.

-you may receive a minus in the degree of difficult box for a cow that is soft and quiet for example; does not travel and remains a bit dull.

Tip: Select a cow that has a bit of liveliness to it, that wants to challenge the horse but still allow it to be controlled in a eye pleasing manner which this will help you gain extra points.
