

A man wearing a light-colored cowboy hat and a bright teal long-sleeved shirt is riding a brown horse. He is wearing brown leather chaps and a saddle. The horse is standing in a stable or barn with light-colored wooden walls. In the background, there is a sign that says "FIRE EXIT".

### A message from the president

Hi Members

Our deepest sympathy to two of our long-standing members Grant & Wendy Mackie, on the sudden loss of their son Nathan. Everyone is in disbelief and shock at your incredibly sad news. You have both been big supporters of our Association and have always been there for us. Now it is time for us to be there for you. Words seem so inadequate at a time like this, but we all feel for you and are there for you if needed.

The Futurity went without a hitch (well apart from all the breakdowns of vehicles getting horses and competitors there – and the judge). But I am pleased to say that everyone did get home safely. There are a lot of people to thank – our Judge Lauren Gray, Barry & Linley Ladd, Julie & Steve Gregory, Richard & Christine Cowdrey, Robert Thompson, Mindy Pates, Doug Holmes, our Sponsors, the Caterers, our photographer Helen, & everyone who turned up to the show. Thanks also to all those who helped to set up and dismantle the scrims. It is very heartening to see everyone just get stuck in and get the job done. Facility-wise it could not have been better. The surface was the best we have competed on all season, plenty of room to warm up and excellent covered yards to house our horses. The staff of the venue could not have been more helpful. Thank you all.

Congratulations to Steve & Julie on winning the Futurity. Steve has now won five futurities, only one behind the record holder Bruce Coleman. Congratulations also to Jacob & Olivia on winning the Derby. That was a very popular win. To all the other winners and competitors, a big hearty congratulations too. Well done everyone. Roll on next season. On reflection there are some things that need addressing for the show and that will be looked at by council.

I hope everyone stays warm this winter. To those going to the Australian Futurity have a great time and travel safe.

Regards

Craig

**How did you become involved in the sport of cutting?**

*My family and I started in about 1993. We became involved through family friend Max McTaggart and Jack Jolley.*

**What do you enjoy most about Cutting?**

*I enjoy the thrill of when a good run comes together with good cows and a good horse with a great team of mates helping you.*

**Where do you base yourself and how many people in your team?**

*We are based in **Glenrowan, Victoria**. We have two girls that work for us, Ellen & Caitlin plus myself and my wife Sarah. We have a fairly set daily routine that works well for us, with the girls catching/saddling/turning back and myself training. We also have a 5-month-baby girl that I'm sure will join the team in the future!*

**What is the one most important quality you want in a horse and why?**

*Try and desire to work a cow. You can train a lot of technique into a horse but its very hard to train the 'want to do it' into them. To be a good horse, they really need to want to work a cow!*

**How many horses do you have in work on average?**

*We have on average of 15-20 horses in work at any one time. Depending on what is coming up. Some of the older show horses are not in constant work as they only require fitness and a tune-up before a show. The three-year old's and two-year old's are in a fairly consistent program with 5 days riding and 2 days off.*

**Who has been the most influential person in your style of training?**

*The two most influential people in my style of training have been Corey Holden and Aaron Wheatley. I spent a lot of time early on with Corey Holden and was taught by him how to work and control a cow. In later years I have spent time with Aaron to learn more about technique and showing for todays style of competition.*

**What do you love most about being a cutting horse trainer?**

*The lifestyle is great. We are able to do what we love with really great friends.*

**What do you dislike most about being a cutting horse trainer?**

*Injuries. Unfortunately, due to the immense pressure placed on a cutting horse's body and joints, injuries are inevitable. Maintaining these injuries is very hard.*

## 5 minutes with Pete Kennedy

**Who is your biggest motivator/support and why?**

*My wife would have to be my biggest support. She's very good at organising things and keeps everything to do with the business running. My biggest motivator is wanting to be the best at your craft, striving to continually learn and evolve with cutting.*

**What other profession would you like to try and why?**

*I would like to try my hand at being a builder or boiler maker. Id like to be able to build and make more things myself on the property.*

**What is the best horse you have ever trained?**  
*The best horse I have ever trained would have to be a Six Spins mare called "Don't Tell Teak N Reyza Six".*

*She was very cowy and easy to train. She always wanted to work a cow and tried very hard. She was also very natural with a good stop and read a cow well.*

**Who is your favourite stallion? Why does this stallion stand out the most?**

*My favourite stallion would have to be 'Sorta Smooth'. He is a nice big type of horse with good bone about him. His mother is a part of a great family and she has produced numerous good horses. I have no doubt he will also produce great horses himself. He stands out because of his ability to have lots of expression on a slow cow but he can also run hard and stop big to stop a fast cow. He's big enough and strong enough to handle almost any cow in the herd.*

**For non-pro riders training their own horses what is one piece of vital advice you can offer?**

*The biggest piece of advice I can offer is to be consistent and to not over complicate things. The biggest thing is the stop. If you consistently get that horse to rate a cow and stop every time, the turn around will take care of itself.*

### **Judging Rule 3**

Riding with a loose rein throughout a performance is a requirement and will be recognised.

*From a Judges perspective:*

This shows that you have effectively turned your horse loose and failing to do so, results in penalties.

- too tight receives a minus in the loose rein column under run content.

-reins need to be loose enough that you do not bump the bit which can be classed as a reining (1pt penalty).

- reins loose receives a tick in loose rein column under run content.

# NZCHA Stock Scheme/Fundraiser

Please support the NZCHA's efforts to raise funds for the Futurity show, to maintain prize money or possibly grow prize money, as well as offsetting the costs of running these events.

## Support Options Available:

Attached is a donation for \$ \_\_\_\_\_ to the Stock Scheme.

I/We can obtain and raise a calf until weaning.

I/We can obtain, raise and graze a calf/lamb until it is sold.

I/We can graze a cattle beast until sold at approx. 2yr of age

I/We have a grown cattle beast/lamb(s) to donate to NZCHA.

Thank you for your support. We understand that not everyone is in a position to raise or graze a cattle beast, however it is a fabulous fundraiser and helps keep the membership subscriptions down. If you can support the scheme in any way, please contact our NZCHA Stock Scheme Coordinator (Craig) at 021-1293395 or send him an email at: westcairn@slingshot.co.nz.

Donations can be sent directly to our Treasurer (Helen).
